Reach 235 Statement

Products included: All standard Anyload manufactured load cells

This letter is to confirm that the product(s) referenced above have been evaluated against Regulation (EC) 1907/2006 of the European Parliament, "Registration, Evaluation, and Authorization of Chemicals (REACH), as interpreted by EU Court of Justice decision C-106/14 of 10 September 2015.

Article 33 of EU Regulation 1907/2006

The products referenced above have been evaluated for the presence of the 235 REACH SVHCs as updated by ECHA on June 14, 2023 (echa.europa.eu/candidate-list-tables). The product(s) and/or articles* contained within the product(s) **CONTAIN** the following SVHCs in amounts **no more than 1000ppm**, as provided in the table on the following page.

Article 67 of EU Regulation 1907/2006

The products referenced above have been evaluated for the presence of restricted substances listed in REACH Annex XVII and **does not contain** any of the restricted substances within the scope of the restriction condition.

For more information, please refer to Example 21 of the EU Chemicals Agency "Guidance for Requirements on Substances in Articles" (echa.europa.eu/candidate-list-tables)

^{*} Article: any item within a part or component of the product which during production is given a special shape, surface or design that determines its function to a greater degree than its chemical composition. An example of articles within an electronic component would be the leads of a through-hole capacitor.
