Description

The ANYLOAD 815BS LCD weight indicator is an industrial weighing indicator that provides high accuracy and reliability with multiple functions. The 815BS features the password-protected calibration menu and electronic sealing via the audit trail function. It has also advanced analog, digital and average filtering and can drive up to four 350Ω (4x350Ω) or eight 700Ω (8x700Ω) load cells. With an SS304 stainless steel wash-down enclosure, the 815BS is ideal for the food industry, agricultural industry, and industrial applications.
