# Features

**INTEGRATED  
LEVEL BUBBLE**

**REMOVEABLE COVER FOR  
EASY CLEANING**

The pan platform design is open, sturdy, and straight-forward, facilitating efficient cleaning and minimizing the risk of bacterial contamination.

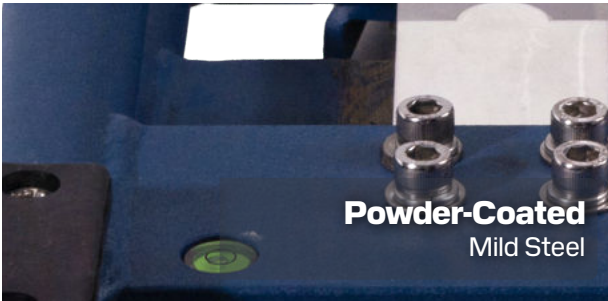

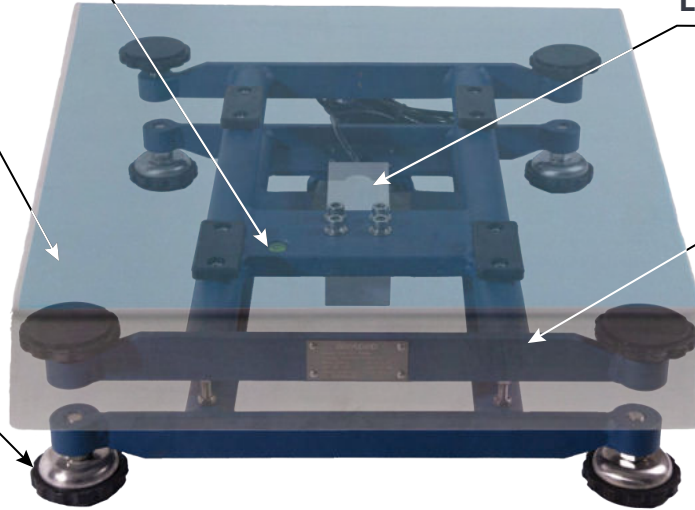

**NON-SLIP,  
ADJUSTABLE FEET**

Prevents sliding on most surfaces

**IP66 ALUMINUM  
LOAD CELL**

**STURDY COLUMN  
HOLDER**

Precision-placed overload stops ensure optimal protection for load cells, while easily adjustable feet maintain reliable scale leveling.

**Powder-Coated  
Mild Steel**

**Agricultural/  
Industrial**

**Food Grade  
304 Stainless Steel**

**Salt Water  
Environments**

**High Quality Welds  
Longer Service Life**

**TNS**

**Heavy Gauge Stainless Steel  
Strong Support and Safe Overload**

# TN/S Series Options

## Accessories
